SANA

Every Great Idea Deserves to Shine.

Great Ideas Deserve Better Tools

- Ideas and project information are scattered across multiple platforms.
- Transforming initial ideas into structured projects takes time and effort.
- Managing relationships between project components becomes difficult.
- Intelligent assistance is often disconnected from the actual planning workflow.

SANA

Introducing SANA.

A unified workspace to organize ideas, build project structures, visualize relationships, and develop projects with intelligent assistance.

Organized Project Planning

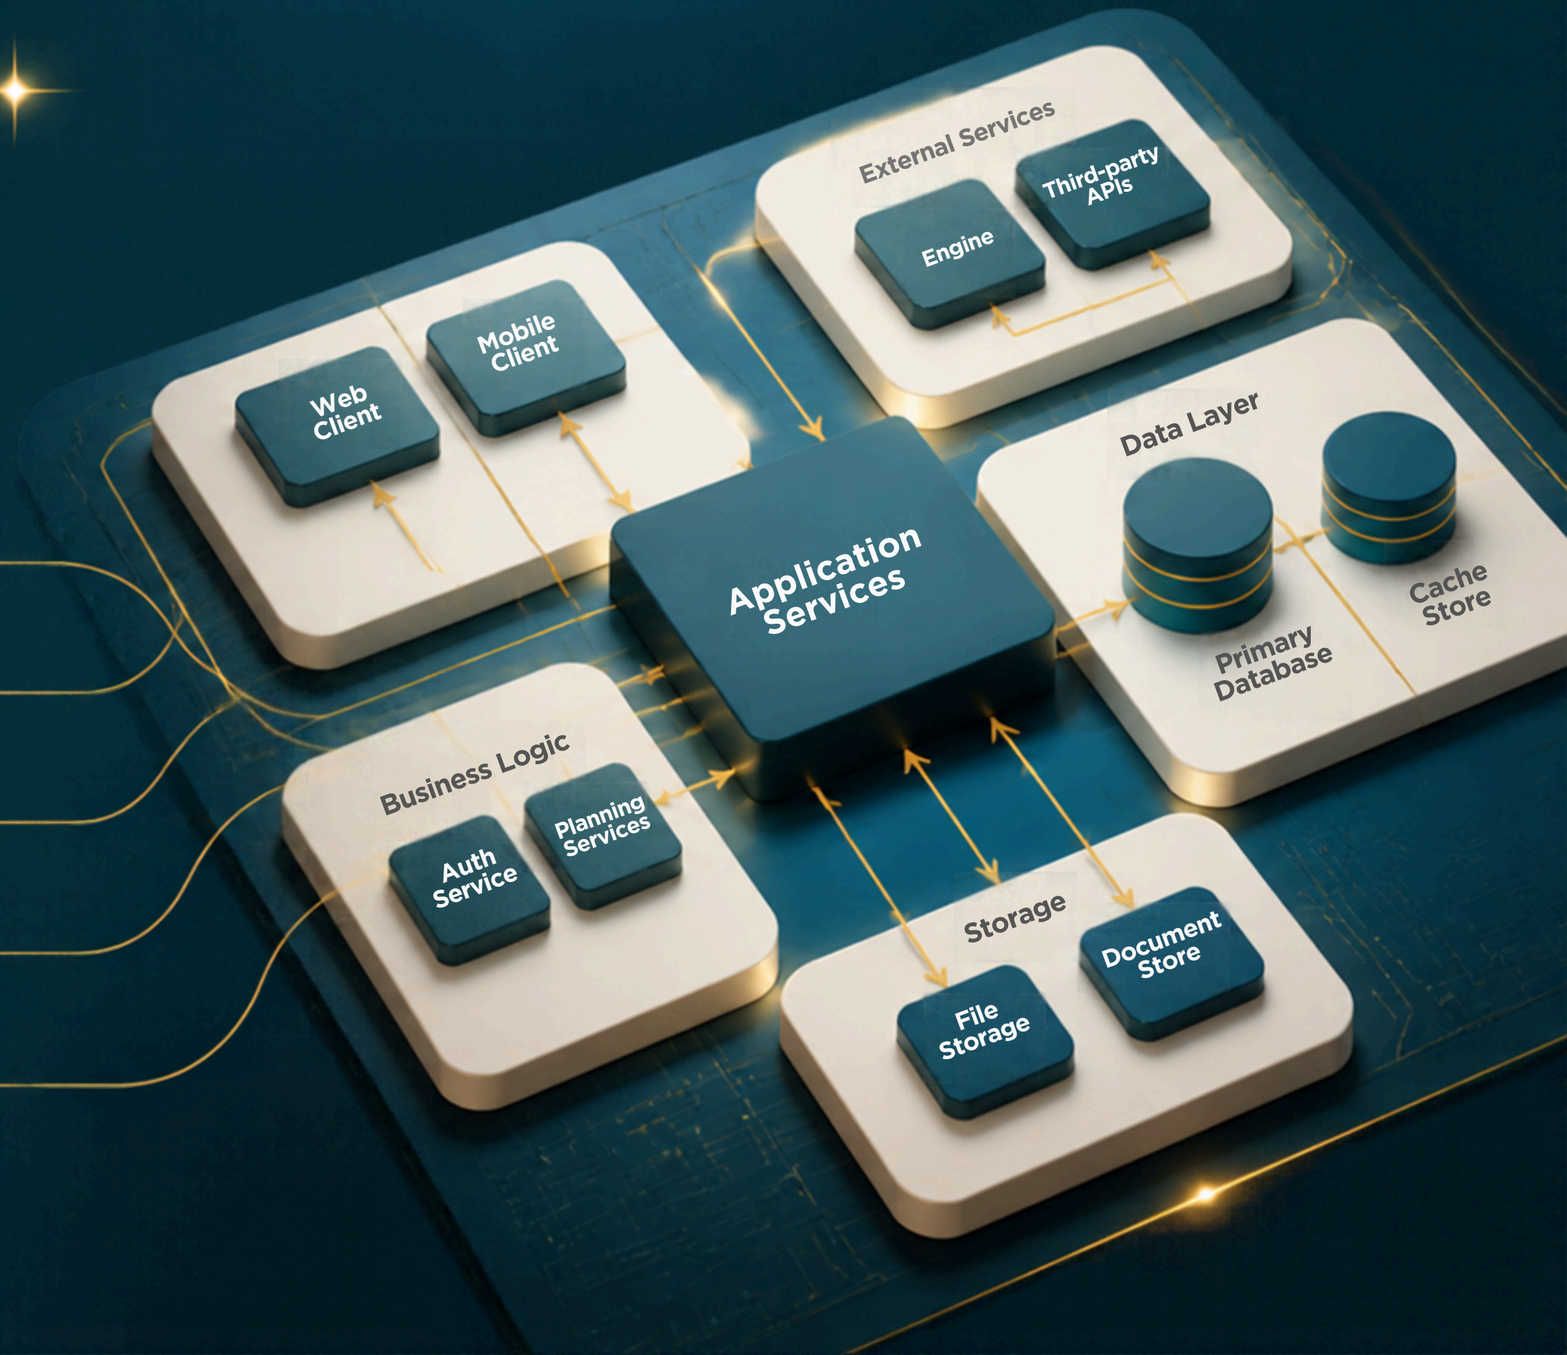
Interactive Visual Workspace

AI-Assisted Development

Technical Planning

Design Systems with Clarity.

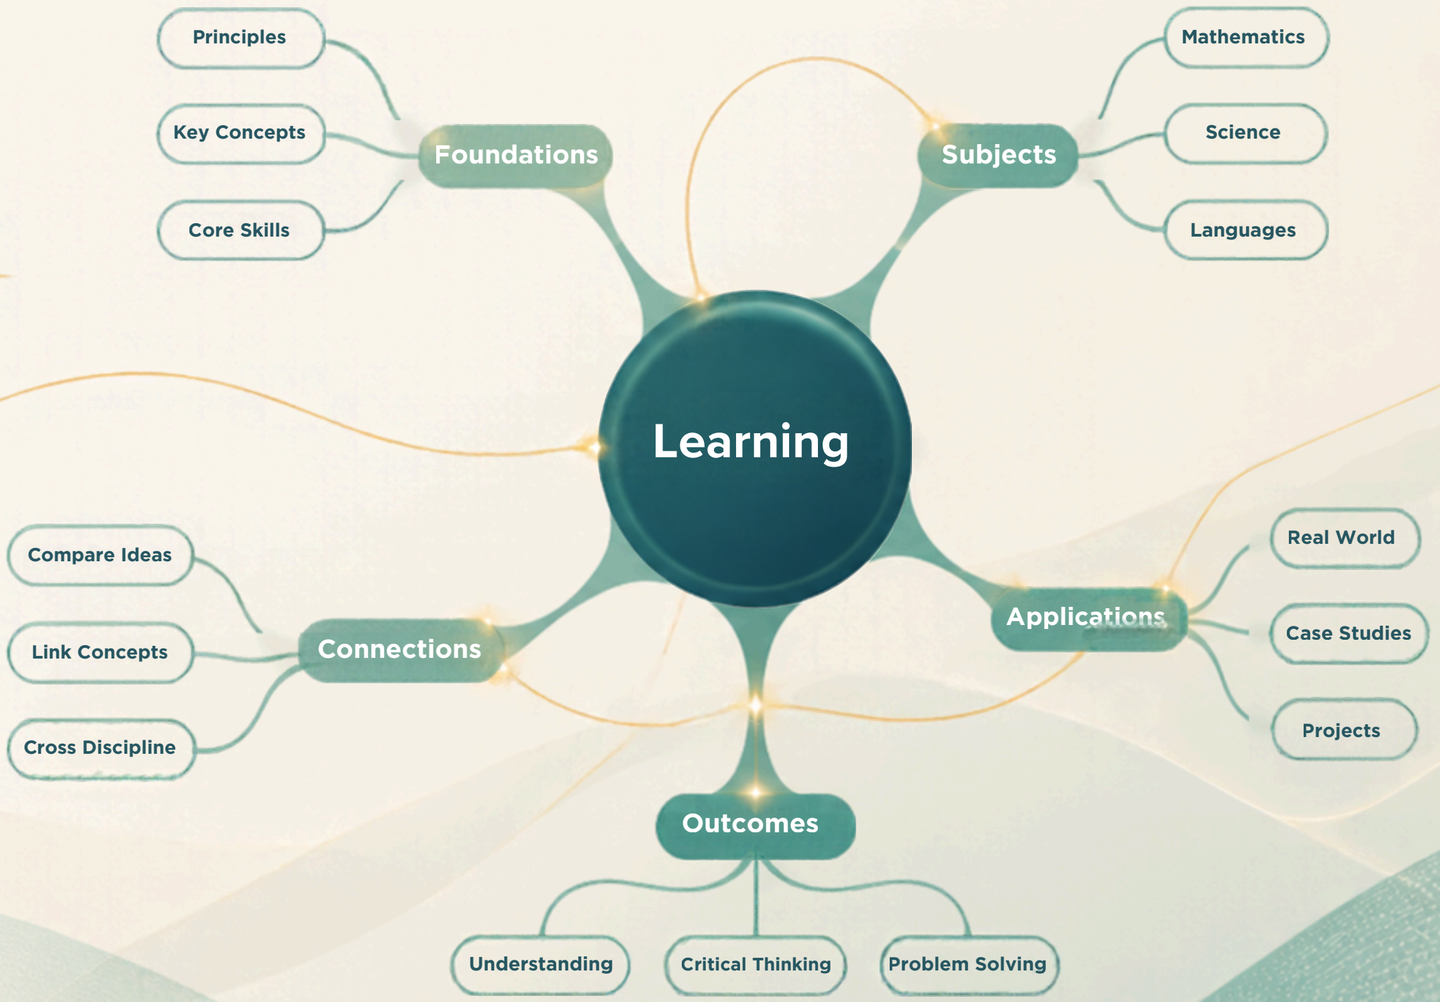
- System Architecture Diagrams
- Entity Relationship Diagrams (ERD)
- UML Class Diagrams
- Use Case Diagrams
- AI-assisted technical planning



Educational Planning

Connect Knowledge. Inspire Learning.

- Interactive mind maps
- Topic and concept organization
- Relationships between ideas
- Structured knowledge visualization
- AI-assisted educational planning



Business Planning

Turn Business Ideas into Structured Plans.

- Business Model Planning
- Target Audience Analysis
- SWOT Analysis
- Competitor Analysis
- Risk Assessment

Creative Studio

Build Worlds. Shape Stories.
